

STONE MAINTENANCE - WATER BASED

CLEAN 'N' SHINE

DESCRIPTION: WATER BASED WAX- DETERGENT

RECOMMENDED USE:

POLISHED MARBLE, GRANITE, NATURAL AND QUARTZ ENGINEERED STONE, TERRAZZO, CERAMIC, PORCELAIN.

- For interior use only.
- Effective for polished floor surfaces only.
- Domestic or commercial use.
- Formulated wax detergent that cleans and polishes in one operation.

PROPERTIES:

Polishes in one operation, removing general dust and dirt without surface streaks or smears.

APPLICATION:

For first time application of CLEAN & SHINE it is most important to ensure floor surface is clean from any original polishes or treatments. For removing any existing polishes we recommend using our wax remover product "STRIPPER". If not sure please consult your supplier or distributor for further advise.

ALWAYS Test small area:

Determine your desired result by testing a discreet area.

Always sweep clean, wipe or vacuum surface to remove general soil. Then apply diluted solution to floor using wet mop system and using the same solution to rinse mop. Remove all excess residues from surface and allow product to dry 30 minutes before dry buffing with machine and white nylon pad or manually using a lamb's wool applicator.

Important Safety Note

Use appropriate gloves in case of sensitive skin.

Keep product well closed and out of reach of children.

Additional information available on Material Safety Data Sheet.
