

PROCLEAN 04

CONCENTRATED DEGREASER DETERGENT FOR ALL SURFACES

YIELD

The yield varies from 1 to 50 m² of surface with 1 L of product.

ALWAYS CARRY OUT TESTS BEFORE USE

Anyone, before use, needs to know the characteristics of our products by reading the label affixed to each package, the technical data sheet and the safety data sheet compliant with Regulation (EC) 1272/2008 (CLP) (and subsequent amendments and adjustments) and of Regulation (EU) 2015/830, or eventually by contacting us directly. However, we recommend to strictly follow the instructions given or received.

We also recommend to carry out a preventive sampling to detect any unexpected results with respect to the method of application or the quality of the result. Keep the package well sealed and out of the reach of children. Aerate the working environment well during and also after the application of the product.

Do not eat or drink when using this product.

DESCRIPTION

Detergent with concentrated formulation dilutable in water, suitable for the deep cleaning of any surface in stone, porcelain stoneware, agglomerates, terracotta, cement.

PROCLEAN 04 effectively dissolves greasy substances, oils, trampling dirt, atmospheric dirt, blackening from smoke, food residues.

Our detergent degreases without damaging the surfaces even if they are shiny, it is particularly suitable for matt/rough finishes. PROCLEAN 04 can be used with accessories for manual use or with scrubbing machines and it can be diluted in water according to the needs and equipment.

Product with controlled foam.

APPLICATION

Prepare the product at the recommended dilutions, depending on the use, then spread the solution on the surface to be cleaned and let it act for a few minutes, then rub with accessories for manual use or with a single brush with felt or bristles. Remove any dirt with a vacuum cleaner or with a cloth. Rinse if necessary and in case of use with floor washing machines or scrubber driers or high-pressure washers follow the dilutions indicated below.

Dilution

- Light cleaning - Dilute 1 part of the product with 20 parts of water. (1:20)
- Intermediate cleaning - Dilute 1 part of the product with 10 parts of water. (1:10)
- Concentrated cleaning - Dilute 1 part of the product with 2 parts water (1:2)
- For a stronger action apply the product diluted to 50% in water.

RECOMMENDATIONS

Avoid use on wooden floors treated with oil or waxes.

The product is aggressive in contact with the skin, it is recommended to wear protective clothing and possibly remove those wet from the product.

The product cannot stand freezing, store it in well-closed and well-protected places, at a temperature not lower than 10 °C.

NOTE

Our indications and technical advice, both given by voice or in writing, refer to our personal best knowledge and do not include any guarantee against third parties.

We kindly invite you to adapt our products to your needs and working conditions: methods of use and processing techniques are exclusively under the responsibility of the buyer.

As far as we are concerned, we guarantee constant quality in our supplies within our general conditions of sale. Should you verify our liability for any type of damage, the liability is limited solely and exclusively to the value of the goods supplied by us and used by you.
