

PLATINUM STAIN OUT

UNIVERSAL STAIN REMOVER FOR MARBLE AND GRANITE

DESCRIPTION

PLATINUM STAIN OUT is a high-tech product designed specifically for the restoration of stone surfaces after installation. Thanks to the reagents contained in the formulation, it acts effectively on all surfaces with the presence of dark rising halos, yellowing from oxidation, brown halos caused by mold and microorganisms and other similar types.

PLATINUM STAIN OUT can be applied on all surfaces with any type of finish.

It does not affect the gloss, ideal for white marble, limestone, Istrian yellow, sandstone, botticino, biancone, quartzite, agglomerates, etc.

YIELD

The yield varies from 5 to 20 m² of surface with 1 kg of product.

APPLICATION

Before applying PLATINUM STAIN OUT, thoroughly clean the areas to be removed, use PROCLEAN 04 diluted in water at 10%.

PLATINUM STAIN OUT is ready to use, apply directly on the areas to be stained with a brush, taking care to spread a sufficient amount to wet the support until rejected.

Leave to act for at least 3 hours, in some cases even 12/24h, depending on the type of problem and the type of support. If necessary, repeat the operation.

After stain removal, wash the surface abundantly with PROCLEAN 04 diluted in water at 5% - 10%.

ALWAYS CARRY OUT TESTS BEFORE USE

Anyone, before use, needs to know the characteristics of our products by reading the label affixed to each package, the technical data sheet and the safety data sheet compliant with Regulation (EC) 1272/2008 (CLP) (and subsequent amendments and adjustments) and of Regulation (EU) 2015/830, or eventually by contacting us directly. However, we recommend to strictly follow the instructions given or received.

We also recommend to carry out a preventive sampling to detect any unexpected results with respect to the method of application or the quality of the result. Keep the package well sealed and out of the reach of children. Aerate the working environment well during and also after the application of the product.

Do not eat or drink when using this product.

RECOMMENDATIONS

After stain removal and dry support, we recommend a neutral protective treatment with PLATINUM SOLVENT in order to prevent new stain formations.

The product cannot stand freezing, store it in well-closed and well-protected places, at a temperature not lower than 10 °C.

Always protect yourself with mask, gloves and protective clothing.

NOTE

Our indications and technical advice, both given by voice or in writing, refer to our personal best knowledge and do not include any guarantee against third parties.

We kindly invite you to adapt our products to your needs and working conditions: methods of use and processing techniques are exclusively under the responsibility of the buyer.

As far as we are concerned, we guarantee constant quality in our supplies within our general conditions of sale. Should you verify our liability for any type of damage, the liability is limited solely and exclusively to the value of the goods supplied by us and used by you.
