

STONE CLEANING - ACID BASED

RUST CLEAN

DESCRIPTION: RUST REMOVER ACID BASED STONE CLEANER

RECOMMENDED USE: HONED, FLAMED, TEXTURED, UNPOLISHED MARBLE AND NATURAL STONE, FLAGSTONE, CONCRETE PAVERS AND POLISHED GRANITE SLABS AND TILES.

DO NOT USE ON POLISHED MARBLE, ENGINEERED STONE or POLISHED MATERIALS WHICH CONTAIN CALCITE

- Effective removal rust stains and discoloration or metal marks. Normally caused by a natural chemical reaction with metal minerals within the stone such manganese that oxidise due to excessive moisture water vapour /humidity.
- For interior and exterior use garden patios and paving stones.
- Commercial use by Professionals and Stonemasons.
- Flooring or Slab works.

Properties

Removes and dissolves heavy RUST STAINS on all types of surfaces.
Important Safety Note Use appropriate gloves in case of sensitive skin. Keep product well closed and out of reach of children. Additional information available on Material Safety Data Sheet.
STORE Dry surroundings above + 0°C

APPLICATION

ALWAYS Test small area: Determine your desired result by testing a discreet area. Wet rust stain surface area with water before applying product solution onto the stone. Allow product to work between 5 to 15 minutes. Agitate solution with nylon bristle brush depending on the surface texture. Do not allow product to dry.
In case of very stubborn rust discoloration repeat application using product diluted or pure and allowing longer contact 30 - 45 minutes on granite surfaces. Once stains removed important to rinse thoroughly with **PROCLEAN 04** diluted 1 part product to 2 parts water to remove any excess residues.

Dilution Rates:

NORMAL CLEAN - Mix 1 part product with 2 parts water (1:2)
HEAVY CLEAN - Mix 1 part product with 1 part of water (1:1) OR
CONCENTRATED NO DILUTION FOR EXTREME INGRAINED RUST STAIN ON POLISHED GRANITES.

STORE: Dry surroundings above + 0°C

Important:

We recommend applying "PLATINUM" Anti Stain treatment to prevent future rust stains.

COVERAGE:

Coverage per Lit: 1 m² – 10 m² subject to dilution and surface texture of stone.

***Coverage:** The information is purely a guide line only and may differ according to the porosity and textured finish of the stone and site conditions.

Maintenance. Products recommended **Stone Clean** or **Master Clean** for weekly or monthly clean. **Alganet** for removing moss etc. and preventative cleaner see separate information sheet.

IMPORTANT NOTE: We recommend solvent sensitive surfaces such as rubber, plastics, plants and newly painted and varnished surfaces are protected as necessary.

Packaging:

- 1 litre bottles childproof tamper evident cap (10 x 1 litre)
- 5 litre container (2x5 litre) childproof tamper evident cap
- 25 litre tank
